

REMARKS

Claims 144-150 were pending when the present Office Action was mailed on June 30, 2009. In this response, claims 144-147 and 150 have been amended to comply with requirements of form expressly set forth in the Office Action dated June 30, 2009 and not to overcome any prior art. Accordingly, applicants respectfully submit that the amendments comply with C.F.R. § 1.116 and should therefore be entered after final action and prior to appeal.

Applicants thank the Examiner for his careful review of the response and his agreement with the applicants' arguments to overcome the Dumoulin reference. In the Final Office Action dated June 30, 2009, rejections over claims 144-150 were maintained pending a properly filed Power of Attorney and appropriate Terminal Disclaimers. Applicants accordingly submit:

- (A) Revocation of Power of Attorney and New Power of Attorney, signed by Mr. Peter Buck, General Counsel to Calypso Medical Technologies, Inc., dated August 7, 2009;
- (B) Terminal Disclaimer over co-pending Application No. 09/877,498, signed by applicants' counsel, dated August 7, 2009; and
- (C) Terminal Disclaimer filed under C.F.R. § 1.321 over commonly assigned Application No. 10/438,550, signed by applicants' counsel, dated August 7, 2009.

Claims 144-150 were rejected under § 103 using the Krag reference, an application assigned to Calypso Medical Technologies, Inc. Accordingly, applicants herein file a Terminal Disclaimer over commonly assigned Application No. 10/438,550 solely for the purpose of removing Krag as a reference to expedite the issuance of this application and without any admission or estoppel.

Claims 144-150 were rejected under the judicially created doctrine of obviousness-type double patenting as being unpatentable over co-pending Application

No. 09/877,498. Applicants herein file a Terminal Disclaimer solely for the purpose of expediting the issuance of this application and without any admission or estoppel.

In accordance with the foregoing, enclosed herewith are executed Terminal Disclaimers filed in accordance with C.F.R. §1.321(b) and (c) which disclaims the terminal portion of any patent issuing on the instant application that extends beyond the expiration of co-pending Application No. 09/877,498 and commonly assigned US Publication No. 2003/0192557. The applicants submit that these Terminal Disclaimers overcome all outstanding rejections and withdrawal of the rejections is respectfully requested.
